

How do I know what level I'm in? Here is our self-placement tool!

Here is a short way to determine your level. The answers to these questions will help you determine your level. Make sure you answer based on your ability to actually **do** the following tasks in Spanish, not what you have merely learned about in the past. You may notice that we do not place students according to their knowledge of grammar, rather what they can actually do with Spanish. If, according to the chart below, there are two levels listed as options, please register for the one being offered for the session you want to register. Please call the office at (404) 248-2207 if you need assistance determining your level.
